

## Petit syllabaire paléo-babylonien (début II<sup>e</sup> millénaire) pour s'exercer à écrire en cunéiforme

Prononcer les différents sons : š = ch ; ṣ = ts ; e = è ; u = ou ; ge = guè ; we = ouè.

Attention, les sons « f », « o », « v », « j », « u »... n'existent pas.

On ne peut pas avoir un mot qui commence ou finit par deux consonnes, il faut intercaler une voyelle.

Françoise devra s'écrire *wa-ra-an-sú-az* (à prononcer vite : ouaranesouaz)
